

207 Shady Lane Rental History

Between 1/1/20 and 4/1/23 we received \$213,604.00 in payouts from VRBO. This is **net** to us after VRBO charges us a fee and pays all the taxes (9% VT lodging fee, etc). We also get a ton of longer term renters (over 30 days) and direct bookings (past renters and family/friends) which I can share where the average monthly rate was 15k during ski season.
