The best place to stay at Sugarbush!

We absolutely love this home. Close to the mountain, plenty of space for everyone, well stocked essentials and beautiful accommodations. We had 2 families with our grown children. The big table was perfect for all enjoying meals and playing games afterward. This was the 2nd time we stayed here, and we will be back! Thank you, Kevin & Rayna, for being great hosts!

Such a Fantastic Host!

So, this review is a bit different because we actually did not end up staying in this VRBO. We were supposed to go the first week in Feb 2023, but it was supposed to be a record setting weekend with temperatures in the -50s F with windchill. We had planned to ski at Sugarbush, and we were concerned the mountain wouldn't even open, let alone would we even want to ski. Without even being prompted, Kevin reached out to me directly a few nights before our stay to alert us of the safety concerns with the temperatures. He offered us A FULL REFUND (again, unprompted) which he absolutely did not have to do. He could have kept the money but instead wanted to look out for our safety. We ended up canceling our trip and we got every penny back. Good thing too because Sugarbush basically never opened that Saturday. Kevin said he even went back and forth with VRBO to make sure we weren't dinged with processing fees. We were really bummed to not make it up because the property and the house seemed amazing. Needless to say, this will be a property we will want to book in the future!

Lovely stay close to the mountain

This is a beautifully decorated home with room for an extended multi-generational family. The home was generously stocked, clean, and larger than it appears in the pictures. It was incredibly close to Sugarbush. We were celebrating a family member's birthday and the kitchen was perfect for making a special meal. We hope to stay here again someday!

Christmas at Sugarbush

We had a wonderful time over the Christmas holiday at this property. The house was very cleaned when we arrived and had everything we needed. The fireplace was amazing, and the kitchen was fully equipped to cook both Christmas Eve and Christmas dinner. The house is super close to Sugarbush which makes skiing really accessible. The host was easily reached and very communicative. We had a great trip and will definitely be back.

We had a wonderful time at this beautiful home! The host was very hospitable, the house was large, bright, clean and had plenty of room for our crew. There were so many bathrooms that no one was in each other's way. We enjoyed the fireplace every day! It was a large yet very cozy home in an awesome location. We will definitely be back!

Tastefully done!

We just had a family event in Waitsfield. The house was very clean and lovely. Our host answered messages immediately. We have nothing negative to say at all, and that is unusual for me! The house would be perfect as a ski house, but we were there in June, and it was lovely then, too. The house is very close to the base lodge at Sugarbush. It was a 10. Thank you to the hosts:)

Lovely home with lots of room for a big group. The house is located in a prime spot for hiking or snow shoeing right out the door. We enjoyed skiing and cooking big dinners with our ski group. It is in a quiet and private area right off the access road by Chez Henri's.

Exceptional Property!

5-stars aren't enough for this fantastic property. I'd give it 10 if I could! We had an absolutely amazing vacation. It was the perfect place to spend time with our family. The layout gave everyone their own space, the large farm table in the kitchen was the perfect spot for meals and games, the living room with the big couch seated us all and the bedrooms and updated bathrooms were wonderfully luxurious. The weather helped as well with waking up to a foot of fresh powder to start our ski trip and bluebird skies after that. Sugarbush did not disappoint. What a great mountain. We will definitely rent here again!

Great ski house for 3 families to split.

We loved the house on Shady Lane! We stayed there with 3 families-- 3 couples and 6 total children, ages 7 - 13. The amount of space was plenty sufficient, with 4 of the kids sharing the bunk room. The mud room is very large and provides plenty of room for everyone to get into and out of their ski gear. The shuttle bus to Sugarbush is prompt and stops at the top of the driveway, making it much easier to get to and from the mountain without the hassle of getting kids into the cars or coordinating rides back. The central spaces are quite beautiful! We especially loved the kitchen.

The house is well stocked with dishes and kitchen supplies, board games, and anything else we might have needed. We would certainly stay here again.

Sugarbush Delight

We booked this Sugarbush beauty for our Norwich University Alumni Weekend with 4 other couples and it was perfect. The main floor area was perfect for evening gatherings as we discussed how lucky we were to attend such a great school. Our "45th" is next year and, if our dinner function is in the valley, we will book this one again!

Fantastic Wedding Weekend!!

This is a wonderful home with lots of space. It has everything you need...and even things you have not thought of! Recently updated, it was the perfect venue for my family to prepare for our wedding at Sugarbush. We got a lot of use out of the large deck with new Webber grill. The large kitchen/dining room and living room was a great place for the bridesmaids to do their hair and makeup allowing us to also prepare food for this lengthy process. We were very comfortable in the 5 bedrooms over this 5-day period. The quality of the furnishings and the home in general are top notch. The kitchen had everything, and we appreciated the pantry/mud room as a place to store all the food and extra stuff out of the way. This is a wonderful home and has to be a fantastic location in the winter, just 2 min to the base lodge. 5 stars for sure. We will be back!!!

Wonderful house in a beautiful location

We had a great stay here ... the location right by the base and the racket club and only 5 minutes from the golf course kept everyone happy. The space is modern, light and well-appointed with excellent amenities. We thought that the quality of all of the details was high for the valley. Any problems or questions we had were dealt with promptly and warmly by Rayna (The owner) and Chris who looks after the house. We would thoroughly recommend this property.

Our August stay

We so enjoyed our 5-day stay at Rayna's beautiful home! There were 11 of us - 3 generations - and there was more than ample room for everyone. We found restaurants nearby that were wonderful - especially "Fit to be Thai'd" where we got take-out. We spent a day in Burlington (about an hour away) as well as a tour of Ben & Jerry's in Waterbury. We definitely give this home a thumbs up!

Fantasy Perfect

Rayna and Kevin own a remarkably lovely home, sumptuous and warm. Every room is pretty much perfect in that they are welcoming as well as fresh and new. In fact, the whole home feels brand new, clean and 'friendly.' The kitchen is ideal for food preparation and the dining room table (in picture) makes for an amazing family gathering. The beds super comfortable and the bathrooms immaculate. Rayna was very helpful pre our arrival and for one text when we needed a modest 'assist.' I would highly recommend this home for any family or any-one-at-all for a gracious and elegant visit to the Mad River Valley area. Many thanks for sharing your home with us!
